

## Spread the word about your internationalization measures - We are happy to support you!

### The HMIS2030 online-Platform

- **ensures visibility:** it is a collection of good examples of higher education institutions around internationalisation and mobility promotion at higher Education institutions in Austria. The OeAD promotes the platform nationally and internationally online, at education fairs and events.
- **is a space of inspiration:** you can take a look at examples from higher education institutions and at the same time enter your own initiatives.
- **is designed to be bilingual:** you can enter your examples in German and/or English.
- **saves time:** it is intuitive to understand and use through filters, keywords and its design.
- **is inclusive:** internationalisation is a cross-cutting issue. All employees of an Austrian higher education institution can upload examples of good practice.
- **is constantly growing:** you can make your initiative visible at any time via the registration button.
- **offers food for thought:** under the heading "Reading" you will find further literature, studies and position papers.

- **is strategically anchored:** it is the official digital support tool of the Higher Education Mobility and Internationalization Strategy 2030 (HMIS2030) of the Federal Ministry for Education, Science and Research.

### Your higher education institution thus positions itself as...

- attractive international partner for cooperation and networking
- innovative educational institution
- source of inspiration for strategic internationalisation steps
- multiplier of holistically and/or inclusive internationalisation

### The National Higher Education Mobility and Internationalisation Strategy 2020 – 2030 (HMIS2030) aims to promote the internationalisation of higher education institutions. The strategy, which was developed in a participatory process strategy comprises five goals:

- Promoting a comprehensive culture of internationalisation at higher education institution
- Promoting mobility for all higher education institution staff
- Development and realisation of innovative digital mobility formats
- Effective competence development and institutional learning
- Global Mindset - Austria's higher education institutions in the world

All goals are subdivided into implementation - the online portal offers the Austrian higher education institutions the possibility to manifest the lived practice around the HMIS2030.

### Current examples on the platform:

- + **Vienna University of Economics and Business:** ENGAGE.EU: the European University Engaged in Societal Change
